# MATH 495 Friday 21 April
## The intersection pairing; the adjunction formula
## To be discussed Monday 24 April / turned in Wednesday 26 April

(1) Chapter V, Exercise 1.4.

(2) Chapter V, Exercise 1.5. (This was mostly done in class on Friday, for those who were there. If you weren't there, think about it.)

(3) Chapter V, Exercise 1.7, parts (a) and (b). (We will do the last part next week, after we have learned about numerical equivalence.)
